<u>Department</u>	<u>Term</u>	<u>Definition</u>
Onboarding	Public User (PU)	Any person/individual that attempts to utilise the application, may have or does not have an existing account in the application.
	Account Holder (AH)	An user that has formally registered an account with the application, and has his/her/their details stored and retrievable from the application database. The user is entitled to use all the services provided within the application, subjected to the Terms & Conditions which the individual has agreed upon registration.
Feature - Searching Restaurants	Restaurants	A store that sells food and/or drinks for consumption, can be but not necessarily a place with dine-in options, and is found on the restaurant database of the application.
	Ratings	A score out of 5, provided by AHs of the application.
	Distance	Calculated by the shortest possible accessible paths, using Google Map API, expressed in kilometres (km).
	Dietary Restrictions (DR)	A limitation on what a person can eat. AH can multi-select from a range of options, which includes Vegan, Vegetarian, Lactose-Free and Gluten-Free.
	Vegan	A diet based on plants (such as vegetables, grains, nuts and fruits) and foods made from plants, with no food that come from animals, including dairy products and eggs.
	Vegetarian	A diet which consists wholly of vegetables, fruits, grains, nuts, and sometimes eggs or dairy products, and no meat products.
	Lactose-Free	A diet that does not contain any dairy or lactose products.
	Gluten-Free	A diet that does not contain gluten (a protein that can be found in wheat, barley, rye and triticale).

Feature - Community	Community Page	A feature of the application which is designed for AHs to discuss a topic informally, preferably related to Vegan/Vegetarian diets. The community page does not officially represent the business or person they discuss.
	Post	A written comment/thought of an AH, which can be accompanied by images, shared to other AHs on the community page. Other AHs can view and interact with the post via liking, commenting or sharing the post.
System	Off-Peak Hours	A fixed timeframe which is deemed to be when the application is on low demand, set to be from 3AM to 6AM UTC+08:00 daily.
